To Whom It May Concern,

This letter of recommendation is in respect to the work performed by AGGroup in finishing our basement.

From our first phone conversation, we had a good feeling about Rick. This was only reinforced when he visited to inspect the area of work and to discuss ideas and expectations with us. He spent a considerable amount of time explaining how he works and showing examples of his work.

Privately, we had already decided to hire him after this one meeting.

During the entire construction process, he always arrived when he said he would, was neat and obviously cared about the quality of his work.

The materials plus system that Rick uses is fantastic in that you always know where your money is going. All this and Rick completed the project on time and within budget. There were no surprises.

If you have a need for any sort of renovation, we thoroughly recommend hiring Rick. We will be sure to use him next time we have work to be done.

Sincerely,

Brian Majerus & Samantha Foster
