**To Whom It May Concern:**

**We have had the great pleasure of using the AG Group and the services of Rick Goris for several years now on many jobs. We have found his work to be first class.**

**Rick completed the jobs we scheduled on time and within the budget we assigned and agreed to.**

**Rick's biggest asset, from our point of view, was his high level of reliability. He showed up when he committed to! We felt so comfortable with him that he had a key to our new house before we did!**

**You will find Rick a pleasure to work with. His work is excellent and his finishing is both conscientious and meticulous. The painter we used commented to us that Rick was by far the best carpenter he had worked with.**

**It was easy for us to put together a letter of reference for Rick. We strongly endorse and recommend his services.**

**Sincerely,**

**Conrad and Jennifer Mandala**
