Dear Rick;

Just a quick note to thank you for the work you completed on my townhouse. I found you professional, efficient and very easy to deal with. Given my own uncertainties of what my place needed, your flexibility, good ideas and reasonable prices were welcome.

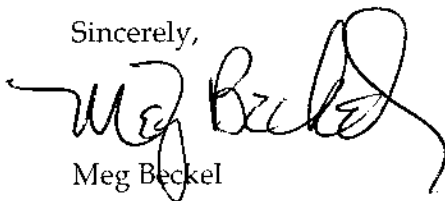

Given such reasonable prices I was especially pleased with the quality of workmanship, the timely completion of the work and the excellent organization of the whole project. You exceeded my expectations and for that I thank you again.

In the event that my comments are ever shared with potential clients, I want to point out that you are trustworthy. I was completely comfortable leaving you with the keys to my home, knowing that my personal belongings would be secure.

I think this note leaves you with no doubt that I would recommend the services of AGGroup Inc. to anyone who asked me.

Thank you again.

Sincerely,

Meg Beckel
